ELEMENTUM

Clothing Species
by Daniela Pais

Based on the total use of a piece of cloth in a tubular dimension, where minimum cut provides maximum use, Elementum invites you to develop new perspectives about your body, identity expression and consumption.

Elementum results from a research about industrialized models and behaviors and from a study into other models of consumption, both prompted by the magnitude of consumption waste from products that characterizes our society.

hand made
ZERO

HAND MADE Elementum clothing line is a warm-hearted knitwear designed and hand knitted in Europe from the finest Peruvian alpaca & merino wool.
